

THE BOXED ART SHOW

Govett-Brewster Art Gallery Schools Art Exhibition
9 August — 2 September 1984

IMPORTANT

Dear Sirs, It is pleasing to see an increase in support for the schools' art exhibition, with twenty-nine partici-

parting schools in 1984. The theme of Boxes Art was chosen this year for its simplicity and the boxes as raw materials are easy to use. Most visitors will be fascinated by the way the schools' students of all ages have developed the theme into imaginative and intriguing art forms.

While it is a delight to see such a wide variety of works, the selection will be difficult and I was disappointed with the way some of the boxes were used. Due to the large number of schools participating in the Art Gallery, the boxes will be in short supply. Teachers will think about the use of boxes in their classrooms.

BOXED ART SHOW

An Exhibition of Taranaki Schools' Art

During these difficult times, we hope that members of the public will take advantage of this opportunity to visit one of the most original and innovative art work being done in Taranaki today.

It is a pleasure to have involvement with Taranaki schools' art work. I would personally like to thank all those schools who have helped to contribute to this year's show and those which have been organized during the past three years. From the many favourable opinions expressed by visitors to the gallery, I am sure that the gallery takes pleasure in your continued support to the gallery.

GOVETT-BREWSTER ART GALLERY

8 August - 2 September 1984

Alan Govett
Director of Art and Exhibition Co-ordinator

INTRODUCTION

Once again, it is pleasing to see an increase in support for the schools' art exhibition, with twenty-nine participating schools from all areas of Taranaki.

The theme of Boxed Art was chosen this year for its simplicity and because boxes as raw materials are easy to come by. Most visitors will be fascinated by the way that school students of all ages have developed the theme into imaginative and intriguing art forms.

While it is a delight to see such a wide variety of works, the selectors, artist Don Driver and I, were disappointed with the way many of the art works were made. Due to poor workmanship and choice of materials, a number of works disintegrated during transportation to the Art Gallery. It is hoped that in the future, teachers will think ahead in terms of practicalities and will encourage their students to work carefully with materials of a more permanent nature.

Despite these technical problems, we hope that members of the public will take advantage of this opportunity to view some of the most vibrant and innovative art work being done in Taranaki schools in 1984.

Since this is my last involvement with Taranaki schools' art exhibitions I would personally like to thank all those schools who have bothered to contribute to this year's show and those which have been organized during the past three years. From the many favourable opinions expressed by visitors to these exhibitions we can safely assume that the extra effort is well worth it. I am sure that the Gallery looks forward to your continued support in the future.

Helen Blythe
Education Officer and Exhibition Co-ordinator

INTRODUCTION

Once again, it is pleasing to see an increase in support for the school's art exhibition, with increasing participation from all areas of Taranaki.

The theme of boxed art was chosen this year for its simplicity and because boxes are readily available and easy to use. Most visitors will be fascinated by the way that school students of all ages have developed the theme into imaginative and intriguing art forms.

While it is a delight to see such a wide variety of work, the selection which Don Driver and I were disappointed with the way of the art work was quite good. Your suggestions and choice of materials, a number of which were displayed during the exhibition in the Art Gallery. It is hoped that in the future, teachers will think about in terms of practicalities and will encourage their students to work carefully with materials of a more permanent nature.

Despite these technical problems, we hope that readers of the public will take advantage of this opportunity to view some of the most vibrant and innovative art work being done in Taranaki schools in 1984.

Since this is my last involvement with Taranaki schools' art exhibitions I would personally like to thank all those schools who have helped to contribute to this year's show and those which have been organized during the past three years. From the many favourable opinions expressed by visitors to these exhibitions we can safely assume that the extra effort is well worth it. I am sure that the gallery looks forward to your continued support in the future.

Helen Hylle
Education Officer and Exhibition Co-ordinator
