

Carnival of the Animals

8th October - 2nd November

Govett-Brewster Art Gallery
Queen Street, New Plymouth, N.Z.

Carnival of the Animals

The music by Saint Saens, 'Carnival of the Animals' is the theme of this exhibition and will be performed on the 15 October at 8 p.m. Based on this title, we have a show that involves both pre-schoolers and school children from the Taranaki province, as well as the works of selected professional artists.

Michael Smither has designed an 'Aquarium Environment' in the stairwell, while Tom Mutch, the Temporary Extensions Officer has worked with New Plymouth pre-schoolers to develop a 'Jungle Environment' designed, in part, by the under 5's. A sensory trail weaves around trees that hold and hide mysterious animals and birds. Len Lyes "Fountain" forms a pool that must be crossed and the mouth of a large tiger will swallow these little adventurers one by one. Those that survive will emerge to see varied display of 'animal art' from both primary and secondary schools.

Also exhibiting are Richard Killeen, Don Driver and Dick Frizzell, each exploring the use of animal motifs in his own unique way. Pre-school groups will be given the opportunity, through our Extensions Programme, to follow this experience with outdoor art activities in the sculpture court.

INVITED ARTISTS

Don Driver

Collected Amusements
Sculptures Mixed Media

Dick Frizzell

1. Lion Attacking a Horse in the Jungle from George Stubbs. 1979
Enamel on Board. 1000 x 1245mm

On Loan from MacHarman Assocs.

5. "Yo-Yo's Guardian Angel" 1978
Painting Enamel on Board
745 x 1050mm
On Loan from the Paris Family.

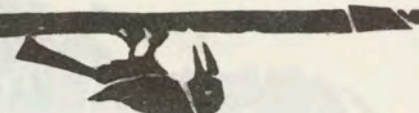

Richard Killeen

6. "Flyers" 1979
Acrylic Lacquer on Aluminium
7. "Rising and Falling" 1979
Acrylic Lacquer on Aluminium.
8. "Two Worlds" 1980
Acrylic Lacquer on Aluminium

Michael Smither has collaborated with Gallery Staff to produce an undersea environment up the back stair-well.

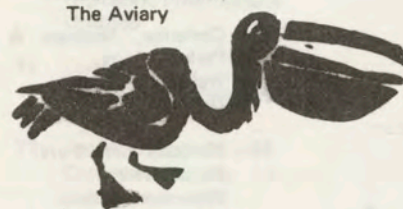

Through the atmosphere of blue lighting, fish swim in the depths of an under-water fantasy. At the top of the stairs is set a fish tank which holds goldfish under golden light.

WORK FROM SCHOOLS

From the hundreds of submissions, only a small percentage could be used to present a manageable exhibition. The judges found in this selection good control of the materials, a suitable use of colour, and images and ideas that seemed more original than most. The motivation given by their teachers was obviously inspiring without being too directive. This has resulted in a strong display of children's art.
